WORKSHOPS AND PRESENTATIONS

2008. LiDAR and Large-Scale Digital Photography: Uses in Natural Resource Management. September 2008. Prince George. (Organizing Committee)
2008. Mountain Pine Beetle: From lessons learned to community-based solutions. June 2008. Prince George. (Conference Chair)
2008. BC's Inland Rainforest – Conservation and Community. May 2008. Prince George. (Organizing Committee)
2007. Science to Management Forum 2007: Overcoming Obstacles to Variable Retention in Forest Management. September 2007. Prince George.
2007. CIF Woodlot Tour: MPB in Young Plantations. June 2007. Prince George.
2007. Caribou Response to Mountain Pine Beetle Management Meeting. April 2007. Prince George.
2007. PG LOWG Biodiversity Workshop – Tools for effective management of biodiversity at multiple scales. January 2007. Prince George.
2006. Alternative Silvicultural Systems Field Tour. September 2006. McBride
2006. Water under the Bridge: Mitigating the effects of MPB attack and salvage harvesting on hydrologic functioning. July 2006. Kamloops.
2006. Planning for Sustainability Workshop. April 2006. Prince George.
2006. Extension Basics Workshop. January 2006. Prince George.
2005. Making Best Use of Ecosystem Mapping Workshop. November 2005. Prince George
2005. The Mountain Pine Beetle Epidemic and the Future of Communities and Ecosystems: Research Synthesis and Strategy Workshop Series. November 2005. Prince George and Vancouver.
